

Anna Ozola

Product Designer

Multidisciplinary designer with 3+ years of hands-on experience designing and shipping consumer mobile applications.

EXPERIENCE

Co-Founder, Product Designer – Hollow Inc.

Jan 2023 – Present | Riga, Latvia (Remote)

Co-founded a product development studio and launched 2 apps.

Cher Ami – Family moment-sharing mobile app and automated print service

Sep 2025 – Present

- Designed the app's user interface in Figma, including **8 flows, 20+ unique screens**, and a design system.
- Created a print-templating system in Adobe InDesign that automates personalised magazine layouts, **cutting production time by 60%**.
- Produced branding and marketing collateral in Adobe CC.

CANARY – Mobile app for discovering local gatherings (iOS/Android)

Jan 2023 – Jul 2025

- Designed the product from concept to launch across **7 flows, 30+ unique screens** in Figma, including a design system consisting of **80 components**.
- Produced visual assets: **140 custom icons**, full visual identity and marketing collateral using Adobe CC.
- Contributed to frontend UI implementation in React Native for the first **14 months** (development + QA).
- Designed co-branded marketing kits in Illustrator and Photoshop for **3 partner venues** in Montreal, Canada.

Student Intern – BSMS

Sep 2020 – Oct 2020 | Riga, Latvia

- Designed web layouts in Adobe XD.

EDUCATION

Multimedia Design Specialist, Diploma (EQF 4), IES International Certification – Riga Art and Media School

Sep 2017 – Jul 2021 | Riga, Latvia
